

## Finch Appointed As Leasing Agents For Belfast Grand Central Station

**Finch have been appointed by Translink as leasing agents to secure occupiers for the commercial opportunities within Belfast Grand Central Station.**

Construction work on Belfast Grand Central Station, set to be Ireland's largest integrated transport facility, is progressing at pace with completion expected during 2025.

Louise Doyle Belfast Grand Central Station Manager:

"The project will deliver a modern, world-class transport hub with 8 rail platforms and 26 bus stands set to enhance local and international connectivity with bus, coach and rail links across Northern Ireland and beyond. The facility will also include cycle and taxi provision.

"Bringing a step change in the provision of public transport this modern new station will improve connectivity for everyone in Northern Ireland and beyond, transforming how people travel, encouraging more active travel, tackling the climate emergency and help to create a greener and cleaner city and region for everyone.

"We are looking forward to working with Finch to source and secure operators who share our vision and provide a quality experience for our passengers."

Alana Coyle, Partner at Finch Real Estate commented "We are delighted to have been chosen by Translink to lead on the delivery of the retail and food and beverage operators for Belfast Grand Central Station.

“This impressive transport facility will be a catalyst for urban regeneration, located at the heart of an exciting new city neighbourhood called Weavers Cross. In addition to the modern new station there will be enhanced public realm developments with a new accessible civic public square, inviting even more people to enjoy the area. This offers occupiers the unique opportunity to locate at the centre of the Weavers Cross development which will be transformational for this part of the city.”

For further information on opportunities within Belfast Grand Central Station please contact Alana Coyle at Finch.
